

CBP Measurement Form

First Name: _____

Last Name: _____

Id Number: _____

Duty Station: _____

Email Address: _____

Phone Number: _____

Gender: _____

Height: _____

Weight: _____

Chest: _____

FEMALES: BRA SIZE: _____

FEMALES: TIP TO TIP: _____

While in uniform, center tape measure at sternum and measure completely around chest.

Note: Do not pull tape too tight. Snug measurement is ideal. Females should measure at largest area of bust and include cup size as well as measurement from tip to tip of breast.

Front: _____

While in complete uniform, and while sitting down, measure from your second shirt button down to the top of your belt.

Note: Make sure pants are properly adjusted on waist, not droopy or sagging.

Back: _____

While in complete uniform, measure down the spinal column starting 2 inches below the shirt collar down to the top of your belt.

Note: Make sure pants are properly adjusted on waist, not droopy or sagging.

Waist: _____

While in complete uniform, measure waist area just above your duty belt at the navel. Measure completely around waist.

Note: Do not suck in your stomach while measuring.
