

# FEMALE TRILHOUETTE

The female Trilhouette system incorporates our unique three-piece panel technology to provide a form-fitting front panel. The innovative cup-shape design provides comprehensive ballistic protection and reduced backface signature while offering the mobility and exceptional comfort you've always wanted in a concealable vest.

For women who prefer a more traditional fit and function, we also offer all of our ballistic packages in a one-piece flat front panel design specifically cut for a woman's form and inserted into a darted female carrier for comfort.

- Includes either 5"x8" powder coated steel plate or 5"x8" soft trauma pack
- Colors: black, white, navy or tan
